

1 Quels sont les nombres cachés derrière ces dessins ?

5  3  8  4  =

4  7  3  =

1  1  9  =

2  8  =

7  3  =

2 Complète les dessins pour dessiner les nombres.

- 3684 →    

- 7014 →    

- 407 →    

- 340 →    

- 1030 →    

- 12 000 →    

3 Complète comme dans l'exemple

5  = 5 x 10 = 50

8  =

12  =

34  =

40  =

7  =

4 Maintenant, sans les dessins :

47 x 10 =

804 x 100 =

93 x 1 000 =

140 x 10 =
